Safer Foundation expanded its reach by opening an office in the Peoria area in 2005.

Our Peoria office is staffed with local employees to support both your business and our candidates. We have located to this area to work for you. Our mission is to create the perfect match between your business and our candidates, mutually benefiting both parties.

Our key industries in Peoria include warehousing, packaging, logistics, manufacturing, hospitality, retail and food service.

Some key employers who have utilized our services with positive results include: Hagel Metal Fabrication, Quality Metal Products, Durre Bros. Machine and Welding, XPAC, Supply Chain 2, H&K Enterprises, FCA, Gray Interplant Systems, Wildwood Industries and Superior.

"It is clear Safer Foundation spends time with each candidate, before they are sent to us. They notifies us if the candidate may be qualified for a higher class position, or has a special technical skill we may need. As a specific example, based on their recommendations, we were able to fill approximately twenty four forklift positions in record time."
